How do you like all that rain we been getting? Last Wednesday lots of our Angles were gone on a cruise and it was pouring rain. We thought we would have a small group at our class so we decided to reward the ones who came with a nice surprise and have a free class. It was so funny to see the reaction as they pulled out their money to pay and we told them we were not going to charge you tonight. They said, really you are joking aren't you? We told them we thought it would be a small crowd and we didn't think that many would be crazy enough to come out in the rain. We were hoping for at least 2 squares and believe it or not we had 4 squares of super dancers having a great time. Sometimes we have to do things like that to reward how wonderful our class and Angels are.

The class level dance on Sunday was a big hit also. Romney called a fun dance for 7 squares and you know what? I don't think hardly anyone went home early. Thank you so much for all the members who came early and helped with the clothing sale, brought food and the ones who stayed and help clean up and put away chairs and tables. It makes it so much nicer when everyone helps. Our clothing sale did not do as good as usual because Romney did not leave much time between tips but that did mean you dancers got a lot of tips in so that was great. Linda Wicker and Teryl Ridgway have been working on a cooler way to tell our Ladies dancing as boys. Right now they are trying banners. Let them know what you think at one of our dances.

At our last club meeting it was voted NOT to put away tables and chairs until 10:30 at our dances. We have received some comments from guests that it makes them feel like the dance is almost over if we do this too soon. We are hoping this will keep people from going home early. We will put some of the food away so there is not so much to do after the dance. This will also help with getting things ready for people who brought refreshments to take them home. Some of us have to come early to set up tables and chairs and get kitchen ready. It makes a long night and it really helps when a few members help after the dance. We could use at least one or two members each dance to help run the dust mop over the dance floor. Dan or Bruce do this and need a break sometimes. You would be surprised how much dust you bring up dancing on that wood floor. If we take turns nobody has to do it all. THANK YOU for all that each of you do. It really helps. Remember we are a club and that's what clubs do.

Our next Cowtown Singles members meeting is at Nikko's on April 8th and we hope to see you. Come at 5:30 and eat with us.

Have a Happy Easter

California is a wonderful place to live. So far this year we've had lots of rain, snow cap mountains, and our own mega poppy bloom. Spring has just sprung and we have a lot to look forward to.

I sent cards to: Kathi Woods who had surgery, we hope she is on the mend. Ray Holguin had some testing done, praying that was in his favor. Dan Layer, Bruce Roberts, and Lisa Spencer were sick for part of the month, we wished them well. Joel Stephenson had his hip replaced, and is recovering.

We had deaths this month that we wanted to families to know we care. Charles Price's Step Father passed away. I sent a card out to the family.

Friends of Cowtown, members of Riverside Single Swingers Bob Culpepper, and Jack Oliver passed. Cards were sent out to their loved ones. I pray all of the families will find comfort as they grieve their losses.

We are almost out of the cool weather and onto the heat. Take care in the changing of the seasons.

See you on the dance floor.

Hello class and club mates,

March came in like a lion and went out like a lamb, as the saying goes. I am loving the warm spring days.

We just had our 3rd class level dance and it was fun as always. Our next, and last, class level dance will be the 4th Sunday in April, 4-28-19, 2:00 to 4:30. The caller Frank Lescrinier is a fun guy whom I am sure you will enjoy. Please make every effort to attend this dance. We plan a great afternoon, right at your level, so you can get your feet wet with new callers and meet new people. Ask any classmate who has ventured into these dances to hear how fun it is.

Classes themselves are rolling along very well. We are into plus calls now and that is quite interesting, even if challenging. Everyone is doing well and attendance is staying constantly good. I hear even heavy rain didn't stop five squares from coming mid-month. I also heard our president surprised the attendees with free admission since you braved the rain. Nice gesture Betty! Phil and I missed that night because we were on a cruise with about 70 square dancers. We had a blast dancing onboard. See what you have to look forward to once you know the calls? You never know where in the world you can find square dancing.

Happy Easter to you all. Keep dancing and we will see you in a square Wednesdays!

Janet and Phil
